

**REMARKS**

Drawings filed on December 31, 2001 were received with an inconsistency between Figure 7 and the Brief Description of the Drawing in the specification. The specification has been changed to correct the problem kindly noted by the Examiner. Page 3 after line 14 has been amended to overcome this rejection. The added language is taken from Page 11, lines 24-25.

It is believed that these changes now make the claims clear and definite and, if there are any problems with these changes, Applicants' attorney would appreciate a telephone call.

In view of the foregoing, it is believed none of the references, taken singly or in combination, disclose the claimed invention. Accordingly, this application is believed to be in condition for allowance, the notice of which is respectfully requested.

Respectfully submitted,
